

### **FIRST LAYER**

This Website uses its own and third-party cookies to gather statistics and analyse usage, in this way providing you with a better experience and service. By navigating or using our services the user accepts the use of cookies. To change your settings or for more information please see our Cookie Policy.

### **SECOND LAYER**

#### **Cookie Policy**

##### **1. What are cookies?**

Cookies are small text files that are installed on the browser of the User's computer to register their activity, sending an anonymous identification that is stored anonymously, with the purpose of making navigation easier, allowing, for example, access to Users who have previously registered and access to the areas, services, promotions or competitions reserved exclusively for them without having to register at each visit. They can also be used to measure the audience, traffic and navigation parameters, session time, and/or to control the progress and number of entries.

At all times we will seek to establish appropriate mechanisms to obtain the User's consent for the installation of the necessary cookies. Notwithstanding the above, it should be borne in mind that, in accordance with the law, it will be understood that (i) the User has given their consent if they modify their browser settings by disabling restrictions that impede the entry of cookies and (ii) that such consent will not be required for the installation of those cookies that are strictly necessary for the provision of a service explicitly requested by the User (via prior registration).

##### **2. The cookies that we use**

Cookies can be classified according to various criteria. The most common are their origin (own cookies or third-party cookies), their duration (session cookies or persistent cookies) and the purpose for which they handle data (technical cookies, ones relating to customization, analysis, advertising, social networks, etc).

By visiting this website the following types of cookies can be installed:

- Third-party cookies:

These are sent to the user's computer from a server or domain which is not managed by the publisher, but by another entity that processes the data obtained through cookies.

- Technical cookies:

Are those that allow the user to navigate around the web page or application and use the different options or services that exist on it. For example, monitoring

traffic and the communication of data, identifying the session, accessing restricted access parts of the web, remembering the elements that make up an order, performing the application for registration or participation in an event, using security elements during the navigation and storing content for the dissemination of videos or sound.

- Analysis cookies:

Are those that allow the tracking and analysis of user behaviour on websites. The information collected through this type of cookie is used for measuring the activity of websites, applications or platforms and to develop site user browsing profiles, in order to introduce improvements to the service depending on the user's usage data.

In particular, we use cookies from *Google Analytics*, a web analytics service provided by Google, Inc. ("Google"), 1600 Anfitreatro Parkway Mountain View, CA 94043, USA. This service uses cookies to measure traffic and usage statistics, and to discover how visitors access and use our website. The information generated (including IP addresses) may be transferred and stored by Google on servers located in the United States. However, navigating this website does not imply that Google will associate your IP address with any other data held by them. You can get more information about Google's use of data collected through *Google Analytics* on the following link: <https://policies.google.com/privacy?hl=es#infocollect>

Below, please find a list of the main cookies used by this website:

Cookies from Google:

Name of the cookie	Duration	Description
_ga	2 years	It is used to identify users.
_gid	24 hours	It is used to identify users.
_gat	1 minute	It is used to limit the number of requests.

Cookies from YouTube:

**3. How do I configure, manage, or disable cookies?**

The user has the option to allow, block or erase cookies installed on their computer by configuring the browser options on their terminal:

- If you use Microsoft Internet Explorer: Settings > Internet Options > Privacy > Settings > Advanced > Block source / third-party cookies.
- If you use [Mozilla Firefox](#): Open menu > Options > Privacy & Security > Content blocking and cookies and site data. To block all cookies, change the configuration of trackers (recommended) to All cookies
- If you use Safari, on the menu option Preferences, by selecting Privacy. Select "Block all cookies".
- If you use Google Chrome: Settings > Advanced > Privacy & security > Content settings > Cookies. Then Disable cookies: disables the option Allow sites to save and read cookie data.

However, disabling cookies may change how the website works. For example, we may not be able to remember your preferences when browsing the website (logon, language, etc.). Please refer to the instructions and manuals of your browser for more information.

If you block the use of cookies on your browser it is possible that some services or functionalities of the website may not be available.

#### **4. Updating the Cookie Policy**

It is possible that, due to modifications to the applicable legislation or new interpretations made by the relevant regulatory body, judges or courts, this cookie policy may be modified. As such the user is encouraged to regularly check its contents.

#### **5. Additional information**

The user can obtain more information about the way in which Start4Big handles personal data from our [Privacy Policy](#).

Also, in case of any doubt about our use of cookies, users can go to [info@start4big.com](mailto:info@start4big.com)
